

NCP OUTDOOR ONE-YEAR WARRANTY

EFFLORESCENCE

A whitish, powder-like deposit that sometimes appears on concrete products, in no way affects the structural integrity of the fire pit or blocks, and will wash and wear off over time. The use of concrete setting beds may also increase the possible occurrence of Efflorescence. Because this is a natural occurrence, NCP Outdoor accepts no responsibility or liability for this condition. Our products are made from natural, environmentally-friendly materials, and therefore, color variations may occur.

EXCESSIVE HEAT

Can cause concrete blocks to crack or blacken in color. NCP Outdoor accepts no responsibility or liability for blocks that have cracked or turned color due to excessive heat or flame exposure. This Warranty does not cover the natural deterioration of the steel ring insert or cooking grate, for the fire pit, due to weathering and/or heat exposure.

IMPORTANT NOTICE

In order to make a claim under this warranty, the owner must return the defective fire pit block, wall block, or corner block to the dealer who sold the product. Any implied warranties of merchantability and/or fitness for a particular purpose are limited in duration as stated above. The exclusive remedy under this warranty is replacement of a defective fire pit block, wall block, or corner block. NCP Outdoor shall not be liable for incidental or consequential damage arising from any breach of warranty.

WARRANTY INFORMATION
